January 2, 2018

To: Township Supervisors

If you are planning in participating in the gravel program for 2017, the enclosed map has our recommendations highlighted. I have numbered them in the order of the greatest need. We recommend 1,000 cubic yards per mile. Please let us know as soon as possible which will allow us to get your gravel on the first bid letting.

If you have any questions give me a call at the Allegan County Road Commission office. The number is 269-673-2184 ext. 235

Thank you.

Philip Kernodle
Maintenance Superintendent
